------	--------

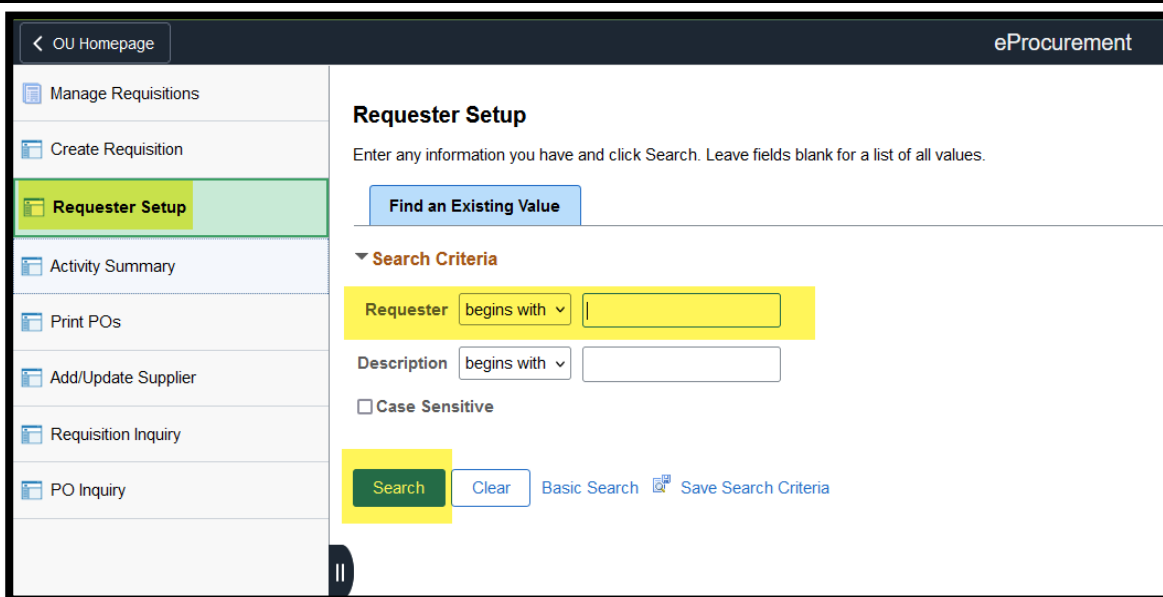

<b>Navigation: eProcurement - Requisition</b>	
---	--

<b>1</b>	<b>Requisitions</b> are requests to purchase goods or services. Per Regent’s Policy, <b>Requisitions</b> should be used for any purchase in excess of \$5,000 or any service that may require a contract. To enter a <b>Requisition</b> , first ensure that defaults are set up for shipping and accounting information.
----------	--

<b>2</b>	Login to PeopleSoft Financials and click the <b>eProcurement</b> tile from the <b>Home Screen</b> and select <b>Requester Setup</b> on the left side menu.
----------	--

<b>3</b>	From this screen, type in your <b>employee ID</b> in the <b>Requester</b> field and click <b>Search</b> .
----------	---

<b>4</b>	On the <b>Requester Setup</b> page, several pieces of information will need to be filled in. Note that once these entries are made, they will default in for all <b>Requisitions</b> . If these defaults ever need to be updated, navigate back to this page to make changes.

Default	*SetID	*Catalog ID	Description
<input checked="" type="checkbox"/>	SOONR	OU_PUR_CATEGORIES	Purchasing Categories

Buttons: Save, Return to Search, Previous in List, Next in List, Notify, Add, Update/Display

**10** To begin **Requisition** entry, click on the **eProcurement** tile on the **Home Screen** and select **Create Requisition** on the left side menu.

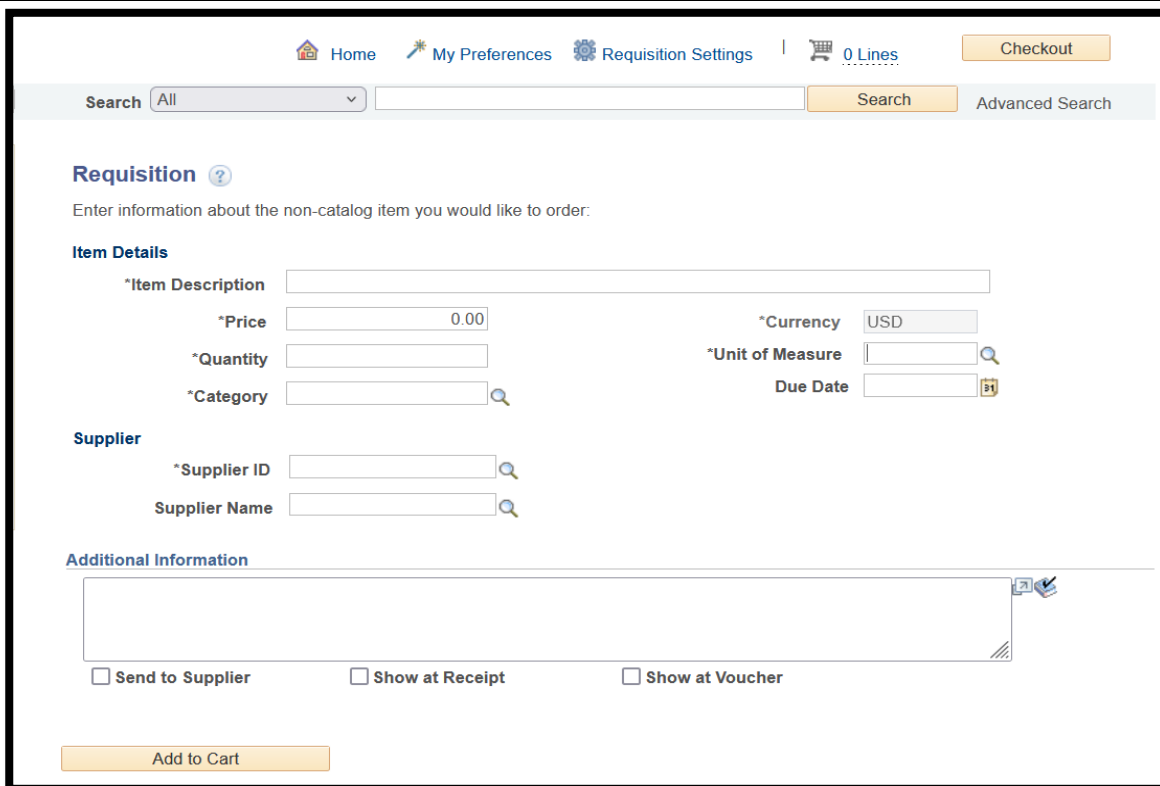

- 11 From the **Create Requisition** page you can click on **OU Marketplace** to access punch-out catalogs or click on **Requisition** to create a regular **Requisition**.  
**Hint:** Refer to the job aids on the OU Marketplace for more information on creating Marketplace orders.

- 12 From the **Requisition** page, enter the information about the goods or services needed.

- 13 Under **Item Description**, enter a **detailed description** of the good/service needed in this field. If working off a quote, the item or service should match the quote line-item information. Enter in the **Price** for the good or service and the total **Quantity** needed for the current fiscal year. Note that the **Price** times the **Quantity** will create the total **Requisition** amount. Use the magnifying glass to pull up the correct **Unit of Measure**. **EA** is used for **Each** and **LOT** is used for **Batch Lot**. If an order has a defined quantity of items and set incremental prices, this is considered a 'definite quantity' and **EA** should be used along with the correct quantity of items. If the order has an 'indefinite quantity', meaning that the quantity is unknown or the order is for services where final prices may vary or multiple invoices may be received for the services, **LOT** should be used along with the quantity of one.

- 14 Next, click on the magnifying glass next to **Category**. In the pop-up box that appears, change the **Search By** option to **Description** and type in part of the **description of the good/service**. Note that the **Category Codes** are the same as the **GL Codes**. Locate the correct category and click on the **category number**.

Look Up Category

Note: You may either Search or Browse to look up the appropriate category for your special request.

Search Categories

Search By: Description | svc | Find

- 15 Under **Supplier**, click the magnifying glass next to **Supplier Name**. In the pop-up box that appears, type in part of the **supplier's name** and click **Find**. Review the information under **Search Results** and once the correct supplier has been located, click the **radio button** to the left of the **supplier** and click **Select** at the bottom of the screen.

**Hint:** If the Supplier ID is not yet available, because it is being established with OU Suppliers, or if this is a request to release a solicitation, use the Best Source supplier ID: 9188888888. This ID can be updated in the **Requisition** later by the Requestor, but a Purchase Order will not be dispatched to the Best Source supplier ID.
